

Do not weaken New Jersey's Do Not Call laws. After registering, my house and life were quiet again. After moving and getting a new phone number...BAM! the telemarketers were back. I'm back on the Do Not Call list and life is peaceful again. I would also like to see this expanded to fax machines...I waste so much paper and toner for GARBAGE! And cell phones must be included, too. Why should I pay for minutes for a telemarketer? Let THEM pay!

Thank you.
